INSPECTIONS SIMPLIFIED

INTRODUCING THE CAT® INSPECT APP FOR EQUIPMENT INSPECTIONS

Keeping up with your equipment's maintenance is key to ensuring its long-term success. Now, make it even easier than before with the Cat Inspect App. This application allows you to download and complete equipment inspections, right from your smart device. Visit Google Play or the Apple App Store to get started today!

- 📍 Perform preventative maintenance, TA-1, daily walkarounds, and customizable inspections.
- 📍 Electronic inspections provide real-time information.
- 📍 Secure inspection results for Cat and non-Cat asset.
- 📍 Red, Yellow, or Green ratings allow for quick identification of actionable items.
- 📍 Prioritize repair spend budget based on results and status.
- 📍 Help screens available for applicable information.
- 📍 Assign inspections and review results from various employees on the jobsite.
- 📍 Add ratings, make comments, and take pictures with annotation capabilities during inspections.
- 📍 Integrated with other systems like VisionLink®.
